# How to Pay with PayID

## Steps

1

Scan a QR code, open the URL link from an email or SMS and copy the given PayID (email address)

2

Open your internet banking or banking app and select 'pay someone new' or 'new payee.'

3

Select pay to a 'PayID' or 'email address' and paste in the PayID (email address)

4

Enter the amount and select 'Pay' and the funds will be received instantly
