

# PayOut

The convenient, new way for customers to authorise one-off and recurring payments

With

## Why PayOut?

### Fixed, low fees

Lower merchant fees than credit cards or BNPL. No chargebacks.

### Faster payouts

Whether it's claims, refunds, wages or something else, speed matters.

### Real-time settlement

Deposit directly into your customer's nominated account.

### Easy integration

Simple APIs get you transacting faster.

### Future proof

Replace legacy batch payments solutions with automated payments.

### Secure

SOC 2 Type II compliance and no need for customers to login or share details.

### Validate

Know who you're paying, before a payment is made.

### Time is money

Get a reconciled payments report and funds sweep 7 days a week.
